

## **Vision**

At St Michael's our vision is to see more disciples of Jesus shining as lights in our city.

One of our key strategies is to equip generations of believers for ministry. Under this heading, we have three leadership principles:

- Initiative in leadership and use of gifts by members;
- Training disciple-makers to speak the truth in love to one another and beyond;
- Partnering with and sending workers for global mission, until Jesus returns.

This implies that disciples equipped at St Michael's will not only mature here, but many will go on to serve elsewhere in the Illawarra and beyond.

In particular, the aim of this proposal is to grow people in theological depth and leadership skills – or as we often say, to keep growing them in conviction, character and competence.

## **Target group**

Christians who want to understand the Bible better, and wish to serve wherever they find themselves in church. In particular, we wish to encourage and equip people to serve not only in our own church, but in other churches in the region, for example, in the re-potting and reinforcement of existing Anglican churches, and also as plant team members for new church plants, and beyond.

To engage in this program, you would need to be at a stage of life, with time and energy, that enables you to commit a minimum of 5 hours/week.
